

A COMMUNITY INITIATIVE OF CURATED SPACES, LLC

WISDOM & GRACE(TM)

Walking in Wisdom & Growing in Grace

An established Christian women's community creating meaningful spaces for spiritual, interpersonal, and professional growth.

Wisdom for everyday living.

OUR MISSION

Wisdom & Grace(TM) creates intentionally curated spaces where women seek and apply biblical wisdom, strengthen identity, develop meaningful relationships, broaden capacity, and grow spiritually, interpersonally, and professionally.

Through faith-centered learning, reflection, communication, leadership and professional development, community, and values-centered decision-making, we equip women to walk wisely, grow gracefully, and move forward with greater clarity and intention.

OUR VISION

We envision women equipped with the wisdom, confidence, relationships, capacity, and practical tools to make intentional decisions, pursue meaningful opportunities, lead well, build sustainably, and create positive impact in the spaces they influence.

*“Wisdom teaches us how to walk.
Grace gives us room to grow.”*

THE FOUNDATION

What began as a personal pursuit of wisdom became a community.

Dr. Pamela Cone's study of Proverbs began in 2020 and soon shaped teaching and encouragement shared with other women. Wisdom Seekers launched in Fall 2021 as an intimate teaching experience centered on reflection, conversation, and practical biblical wisdom.

- **2020** Personal study of Proverbs begins.
- **2021** Wisdom Seekers launches.
- **2022** Wisdom Seekers evolves into Wisdom & Grace(TM).
- **2022-2026** Bi-annual cohorts and community experiences continue.

FIVE YEARS OF CONTINUED DEVELOPMENT

Wisdom to Grow(TM) represents the next stage of this established work - strengthening the curriculum, broadening developmental pathways, and increasing the capacity to serve more women.

Growth that reaches beyond the individual.

When women strengthen their capacity to communicate, make values-centered decisions, build healthier relationships, lead effectively, increase professional and financial awareness, and pursue meaningful opportunities, that growth influences the families, workplaces, businesses, organizations, and communities they touch.

Wisdom to Grow(TM) expands that public benefit through accessible developmental pathways that help women move from reflection and insight toward greater capacity, opportunity, and intentional action.

A PROVEN MODEL

Wisdom & Grace Cohorts

Bi-annual cohorts combine biblical wisdom, guided reflection, conversation, journaling, practical application, and community. Participants receive a complimentary journal to continue learning beyond each session.

WISDOM TO GROW(TM) INCUBATOR

From ideation to launch.

Build from your values. Create something meaningful.

A value-centered early business development experience for women considering turning an idea, skill, product, service, or vision into a business. The Incubator begins before the business plan. It begins with the woman.

Women leave with greater clarity around their idea, values, intended customer, meaningful value proposition, foundational business decisions, and an actionable pathway toward launch.
